Auditor's Responsibilities for the Audit of the Revised Financial Statements

Our objectives are to obtain reasonable assurance about whether the revised financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these revised financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the revised financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the revised financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the revised financial statements, including the disclosures, and whether the revised financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the revised financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the revised financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the revised financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the revised financial statements of the current period

and are therefore the key audit matters. We describe these matters in our revised auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

In accordance with the provisions of Standard on Auditing 560 (Revised) 'Subsequent Events' issued by The Institute of Chartered Accountants of India, our audit procedures, in so far as they relate to the revision to the Financial Statements, have been carried out solely on this matter and no additional procedures have been carried out for any other events occurring after 30 May 2022 (being the date of our earlier audit report on the earlier financial statements). Our earlier audit report dated 30 May 2022 on the earlier financial statements is superseded by this revised audit report on the revised financial statements.

(Referred to in paragraph “1 of Annexure B” under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

This Report supersedes our Report dated 30th May 2022

We have audited the internal financial controls over financial reporting of **Fourth Dimension Solutions Limited** (the “Company”) as of March 31, 2022 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Management of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the “ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of

internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the revised financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting with Reference to Revised Financial Statements

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of revised financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- i) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- ii) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of revised financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- iii) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the revised financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting with Reference to Revised Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

The Indian Accounting Standards (Ind AS) are prescribed under section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015, Companies (Indian Accounting Standards) Amendment Rules, 2016.

The preparation of the revised financial statements, in conformity with Ind AS requires the Management to make estimates, judgments and assumptions that affect the reported amounts of assets and liabilities as of date of the financial statements and the reported amount of revenues and expenses during the reported period. Any revision to such accounting estimates will be recognized in the accounting period in which such revision takes place and if material, their effects are disclosed in the notes to the financial statements.

(d) Property, plant and equipment

The Company depreciates property, plant and equipment over their estimated useful lives using the Written down Value method. The estimated useful lives of assets are as follows:

Property, plant and equipment	Estimated Useful Lives
Plant and machinery	15 years
Office Equipment	5 years
Computer Equipment	3 years
Furniture and fixtures	10 years
Vehicles	8 years

Subsequent expenditures relating to property, plant and equipment are capitalized only when it probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably. Repairs and maintenance costs are recognized in net profit in the statement of profit and loss when incurred. The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the statement of profit and loss

Intangible assets are recorded at the consideration paid for acquisition of such asset and are carried at cost less accumulated amortization and impairment.

(e) Depreciation and amortization

Depreciation on tangible fixed assets has been provided on Written down value method at the rates prescribed under Part C of Schedule II of the Companies Act, 2013. Intangible fixed assets stated at cost less accumulated amount of amortization.

(f) Investments

Long term investments are stated at cost. Provision is made to recognize a decline, other than temporary, in the value of long term investments.

(g) Financial Instruments

A financial instrument is a contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

A. Financial assets

All financial assets are recognized initially at fair value. Transaction costs that are directly attributable to the acquisition of financial assets (other than financial assets at fair value through profit or loss) are added to the fair value measured on initial recognition of financial asset. Purchase and sale of financial assets are accounted for at trade date.

Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash in banks and short-term deposits and investments with an original maturity of three months or less, which are subject to an insignificant risk of changes in value. For the purposes of the cash flow statement, cash and cash equivalents are considered net of outstanding bank overdrafts that are repayable on demand and are considered part of the Company's cash management system. In the standalone balance sheet, bank overdrafts are presented under borrowings within current liabilities.

Financial assets at amortized cost

A financial asset is measured at the amortized cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in other income in the statement of profit and loss. The losses arising from impairment are recognized in the statement of profit and loss. This category includes cash and bank balances, loans, unbilled receivables, trade and other receivables.

Financial assets at Fair Value through Other Comprehensive Income (OCI)

A financial asset is classified and measured at fair value through OCI if both of the following criteria are met:

- (a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- (b) The asset's contractual cash flows represent solely payments of principal and interest.

Financial asset included within the OCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in OCI. Interest income is recognized in statement of profit and loss for debt instruments. On derecognition of the asset, cumulative gain or loss previously recognized in OCI is reclassified from OCI to statement of

profit and loss.

Financial assets at Fair Value through Profit and Loss

Any financial asset, which does not meet the criteria for categorization at amortized cost or at fair value through other comprehensive income, is classified at fair value through profit and loss. Financial assets included at the fair value through profit and loss category are measured at fair value with all changes recognized in the statement of profit and loss.

Derecognition of financial assets

A financial asset is primarily derecognized when the rights to receive cash flows from the asset have expired, or the Company has transferred its rights to receive cash flows from the asset.

Impairment of financial assets

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit and loss. Lifetime ECL allowance is recognized for trade receivables with no significant financing component. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case they are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date is recognized in statement of profit and loss.

B. Financial liabilities

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The subsequent measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. Changes in fair value of such liability are recognized in the statement of profit or loss.

Financial liabilities at amortized cost

The Company's financial liabilities at amortized cost are initially recognized at net of transaction costs and includes trade payables, borrowings including bank overdrafts and other payables.

After initial recognition, financial liabilities are subsequently measured at amortized cost using the effective interest rate (EIR) method except for deferred consideration recognized in a business combination which is subsequently measured at fair value through profit and loss. Gains and losses are recognized in the statement of profit and loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance

costs in the statement of profit and loss.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

(h) Inventories

Inventories of Traded Goods are valued at lower of cost and net realisable value. Cost is determined on First in First Out (FIFO) basis. Cost of work-in-progress and finished goods include labour and manufacturing overheads, where applicable. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

(i) Segment Reporting

The Company is mainly engaged in IT goods and IT Services. These, in context of Indian Accounting Standard on Segment Reporting, as specified in the Companies (Accounting Standard) Rules, 2014, are considered to constitute one single primary segment. Hence, segment reporting is not required.

(j) Foreign Currency Transactions

(i) Initial Recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the currency and the foreign currency at the date of the transaction.

(ii) Conversion

At the year-end, monetary items denominated in foreign currencies are converted into rupee equivalents at the exchange rates prevailing on the date of transactions.

(iii) Exchange Differences

All exchange differences arising on settlement / conversion of foreign currency transactions are included in the Statement of Profit & Loss.

(k) Employee Benefits

(i) Short-term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages and bonus etc., are recognized in the Statement of Profit & Loss in the period in which the employee renders the related services.

(ii) Long-term Employee Benefits

(a) Defined Contribution plan

The Company deposits the contributions for provident fund to the appropriate government authorities and these contributions are recognized in the Statement of Profit and Loss in the financial year to which they relate. .

(b) Defined benefit plan

The Company's gratuity scheme is a defined benefit plan. The present value of the obligation under such defined plan is determined based on actuarial valuation carried by an independent actuary, using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final Obligation. The obligation is measured at the present value of the estimated future cash flow. The discount rates used for determining the present value of the obligation under defined benefit plans, is based on the market yields on Government securities as at the balance sheet date. Actuarial gains and losses are recognized immediately in the Statement of Profit and Loss.

(iii) Other long-term employee benefits

Entitlements to annual leave are recognized when they accrue to employees. Leave entitlements can be availed while in service or encashed at the time of retirement/termination of employment, subject to a restriction on the maximum number of accumulation. The Company determines the liability for such accumulated leave entitlements on the basis of actuarial valuation carried out by an independent actuary at the year end.

(l) **Taxes on Income**

Income tax expense is recognized in net profit in the Statement of Profit and Loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income.

Tax expense (tax saving) is the aggregate of current tax and deferred tax:

- (i) Current tax is the provision made for income tax liability on the profits for the year in accordance with the provisions of Income Tax Act, 1961.
- (ii) Deferred Tax is recognized, on timing differences, being the differences resulting from the recognition of items in the financial statement and in estimating its current income tax provision.

(m) **Earnings Per Share**

Basic earnings per share is computed by dividing the net profit or loss determined after taking into account all items such as reversal of tax provision/extraordinary items for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by taking into account the aggregate of the weighted average number of equity shares outstanding during the period and the weighted average number of equity shares which would be issued on conversion of all the dilutive potential equity shares into equity shares.

(n) **Impairment of Assets**

Impairment loss (if any) is provided to the extent the carrying amount of assets exceeds their recoverable amount. Recoverable amount is the higher of an asset's Fair Value less costs to disposal and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life.

(o) Provision and Contingent Liabilities

Provision is recognized (for liabilities that can be measured by using a substantial degree of estimation) when:

- (i) the Company has a present obligation as a result of a past event;
- (ii) a probable outflow of resources embodying economic benefits is expected to settle the obligation; and
- (iii) the amount of the obligation can be reliably estimated.

Contingent liability is disclosed in case there is:

- (i) Possible obligation that arises from past events and existence of which will be confirmed only by the occurrence or one or more uncertain future events not wholly within the control of the enterprise; or
- (ii) a present obligation arising from past events but is not recognized
 - (a) when it is not possible that an outflow of resources embodying economic benefits will be required to settle the obligation; or
 - (b) a reliable estimate of the amount of the obligation cannot be made.

(p) Cash and cash Equivalents

Cash comprises cash in hand, Bank Balances and Cheques in Hand. Cash Equivalents are short-term highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

(q) Cash Flow Statements

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities are segregated.

(r) Leases

Lease in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to the Statement of Profit and Loss on a straight line basis over the lease term.
